After the death of a loved one, children can experience a wide range of feelings which is a normal and expected part of the grief process. UnityPoint Hospice & Cedar Memorial would like to invite grieving children and their families to join us virtually for a painting event and cookies.

Art can be a great tool in expressing emotion and grief. Families are encouraged to register and participate with their child. Each registrant will create a painting guided by a group instructor from Cork N' Canvas Iowa.

Painting supplies, cookies and grief information will be available for pickup November 2-7 at the UnityPoint Hospice office. Because this event is virtual, participants will need access to an electronic device to participate. A computer/tablet is recommended.
