### **TRANSPORTATION UPDATE- PLEASE CHECK YOUR PORTAL**

Your Portal account always lists the current busing information for your student. We have had to make changes to some of our routes to account for the return to full onsite for PK-8th grade. You will want to check your portal account prior to our return in January. Please look at the bus number, stop location, and times. There is a chance that these could be different from what they were in December. Thank you for your help in ensuring the safety of all of our students.

If your student is returning to school on January 19th and will need busing please make sure to submit your request early to ensure busing will be reading on January 19th. All high school students that need busing **MUST** register every year. All other students will be routed to/from their primary home address. If you need to set up a daycare bus stop, you must request every year. All busing request forms can be found on the district website or [click here](#).

*If you do not see any information in your portal account, under busing, that means you are not currently assigned to a bus.*
