### **College Community to Allow Limited Open Enrollment**

The College Community School Board approved opening limited open enrollment for new student enrollments for the 2021-2022 school year at the February 17, 2021 Special Board meeting. Each grade will have an established number of open slots ranging from 4 to 12, depending on grade-level and building needs. The process is intended to be a one-year recovery of enrollment to assist the district in managing the compounding financial impact of an enrollment decline of this type.
