#### **Mask Use on the School Bus**

Please remind your children that it is essential for them to wear their masks on the school bus for the duration of the ride to and from school. We have recently noticed that students are less consistent with mask use on the school bus than they were previously. Mask use on the bus IS EFFECTIVE in preventing the spread of the virus. We monitor the health of other riders when there is a positive student on the bus and see little to no potential transmission of COVID-19 on the school bus. When reviewing video for mask use, if we identify a student repeatedly disregarding the expectation of wearing a mask on the bus, they may lose riding privileges. We hope to avoid taking this step but must do what we can to ensure that we are keeping students and drivers safe.

**Communication**

The majority of the school year we have communicated School Information and Updates generally on a weekly basis with our Prairie families due to the Covid-19 pandemic and our Return to Learn Plan. Because of the pandemic, our goal was to communicate frequently and in a timely manner. Now that our students have been back in the classroom since January, moving forward we will communicate as information needs to be shared with our families.
